## A Journey of Resilience and Empowerment

*Beyond The Mountains: A Hmong Memoir* is a powerful and moving account of one family's journey from the mountains of Laos to the United States. This book is a must-read for anyone interested in the Hmong experience or in the history of immigration to America.

The Hmong are an ethnic group who have lived in the mountains of Southeast Asia for centuries. In the 1960s and 1970s, many Hmong fought alongside the United States in the Vietnam War. After the war, many Hmong were forced to flee their homes and seek refuge in other countries.

The author of *Beyond The Mountains*, Mai Neng Moua, was born in a refugee camp in Thailand. Her family eventually settled in the United States, but they faced many challenges along the way. Moua writes about her experiences with discrimination, poverty, and culture shock. She also writes about her resilience and determination to succeed.

*Beyond The Mountains* is a story of hope and inspiration. It is a story about the power of family, community, and education. Moua's memoir is an important contribution to the literature on immigration and the Hmong experience.
