

How Accelerating Technology Is Transforming Business Politics And Society

Technology is advancing at an unprecedented pace, and its impact on business, politics, and society is profound. In his new book, *How Accelerating Technology Is Transforming Business Politics And Society*, author Dave Eggers explores the ways in which technology is changing the world around us, and what these changes mean for the future.

Eggers argues that technology is not simply a tool that we use to accomplish tasks; it is a force that is shaping our world in fundamental ways. He points to the way that social media has changed the way we communicate, the way that artificial intelligence is automating jobs, and the way that the internet of things is connecting devices and data in new ways. These changes are having a profound impact on the way we live, work, and interact with each other.

The Exponential Age: How Accelerating Technology is Transforming Business, Politics and Society
