

Spider-Man 2099: The Definitive Guide to the Futuristic Web-Slinger

Spider-Man 2099 is a futuristic version of the iconic superhero, created by Peter David and Rick Leonardi. The character first appeared in 1992 and has since starred in several ongoing series and miniseries. This article provides a comprehensive overview of Spider-Man 2099, including his origin, powers, and supporting cast.

Origin

Spider-Man 2099 was born Miguel O'Hara, a brilliant geneticist living in the year 2099. Miguel worked for the Alchemax Corporation, a powerful megacorporation that controlled much of the technology in the future. While working on a genetic experiment, Miguel was accidentally exposed to an experimental drug that combined his DNA with that of a spider. This gave him superhuman strength, agility, and the ability to climb walls.
