By Sandy Scheuer

On May 4, 1970, the Ohio National Guard opened fire on a group of unarmed Kent State University students, killing four and wounding nine. This book is a firsthand account of that tragic day and the aftermath that followed. It is a story of loss, grief, and resilience.

Sandy Scheuer was a student at Kent State University on that fateful day. She was in her dormitory room when she heard the gunshots. She ran to the window and saw students running and screaming. She couldn't believe what she was seeing.

Scheuer's memoir is a powerful and moving account of that day and the years that followed. She writes about the chaos and confusion of the shootings, the grief and anger she felt in the aftermath, and the resilience she found in the years that followed.

Surviving Kent State is a must-read for anyone who wants to understand the events of May 4, 1970, and their impact on American society. It is a story of loss, grief, and resilience that will stay with you long after you finish reading it.

Praise for Surviving Kent State

"A powerful and moving account of one of the darkest days in American history." - The New York Times

"A must-read for anyone who wants to understand the events of May 4, 1970." - The Washington Post

"A powerful and personal story of loss, grief, and resilience." - NPR
